2. Area of responsibility

The service of inspectors of Air Commercial Transport has the faculty to adopt the necessary measures to ensure the compliance of the standing aerocommercial regulations trying to avoid the damages either from the action or the omission of the aeronautical service users and providers.

To authorize the requests from the providers and operators of aeronautical services for landing, overflights, change of aircraft, charter, ferry, and ambulance flights in coordination with the rest of the departments in charge of the operations. They will also exercise permanent control over the formalities of the airlines (article 209 Aeronautical code, article 21 literal A of Decree 325/974 of Apr 26, 1974). To receive the documentation of airlines according to Decree 611/978 articles 1, 2 and 3 (GEN 1.2-3).

Give the necessary support and attention to the airline user in accordance with the standing and recommended regulations. Receive reports, complaints, and any other written documents the passenger may wish to file as well as any detection of operational irregularities made sua sponte.

Supervision and monitoring of routes, timetables and flight cancellations as well as the custody of the traffic Rights. To

- adopt the necessary measures in case of flight incident or accident reporting such facts to the competent
- authorities and to the Aviation Incident and Accident Investigation Commission (CIAIA).
